

# TOP NATURAL WONDERS DESTINATIONS: Switzerland

Switzerland has more to offer than medieval roots, chocolate, and cheese. Conquer alpine mountains, go canyoning, bungee jumping, white-water rafting, heli-skiing, paragliding, and skydiving in one of the happiest places on earth. If your students are ready to do the Peak Walk (a glass-bottom bridge between two Alpine peaks), ski on the dazzling Graubünden, have the courage to cross the Trift Bridge, or visit the H.R. Giger Museum, Educational Destinations can make your Switzerland natural wonders trip rewarding and memorable.

## NATURAL WONDERS OPPORTUNITIES:

- Hold on as You Take an Actual Rollercoaster Down a Mountain in Bern
