

# TOP NATURAL WONDERS DESTINATIONS: Wyoming

Are your students ready to kayak on the Snake River? Or are your students ready for zipline races down the Absaroka Mountains? And don't forget about the world's first national park, Yellowstone, which continuously invites millions upon millions of visitors per year. Yellowstone has 1000 to 3000 earthquakes annually, more than 300 active geysers and over 290 waterfalls. Hike the Teton Mountain Range, learn how many times a day "Old Faithful" erupts, or discover the world's largest single mineral hot spring.
