

TOP STEM DESTINATIONS: Boston

If your students are ready to get hands-on with science, technology and engineering in interactive workshops at the MIT Museum, participate in a gallery hunt at the Peabody Museum of Archaeology & Ethnology or explore EcoTarium's vast 55-acre grounds and captivating museum, Educational Destinations will make your Boston STEM trip rewarding and memorable. Encourage your students as they learn about FIRST® Robotics competitions and challenges, STEAM Education Programs at Cape Cod's Nature Place, or experience the MSC Outreach Program. After time spent learning, your students will enjoy grand museums, engaging attractions and possibly even teleport to an abandoned starship at 5 Wits! Boston has so much to offer your students that are ready to open their minds to STEM!
