

TOP STEM DESTINATIONS: Seattle/Tacoma

If your students are ready to explore hundreds of hands-on exhibits, a planetarium, IMAX theater and interactive workshops at the Pacific Science Center or learn how Giant Pacific octopuses use special pigment cells in their skin to change colors and textures, Educational Destinations will make your Seattle and Tacoma STEM trip rewarding and memorable. Learn how scientists are studying changes in our ocean at the Seattle Aquarium or come explore, investigate and discover in a series of hands-on science and math classes at the Imagine Children's Museum. Seattle offers great views, breathtaking sights and is an educational destination that beams with STEM opportunities. Seattle has so much to offer your students that are ready to open their minds to STEM!
